# A CITY ON A CANAL TOP

## Welcome to Snow Hill Wharf

On a quiet stretch of the canal in the heart of Britain's booming second city, Snow Hill Wharf is a new collection of stylish apartments from St Joseph, part of the Berkeley Group. Located in the iconic 'Gun Quarter' and less than a 5-minute walk to Snow Hill Station, this central area of the city is all set to benefit from the arrival of HS2 in Birmingham.

YOUR  
 PLACE TO  
 SHINE

## A garden in bloom

With three individually landscaped podium gardens, Snow Hill Wharf offers you the space to relax and unwind surrounded by nature. Each one draws inspiration from the rich, craft-manufacturing heritage of the 'Gun Quarter' and is connected by pleasant walkways interspersed with flourishing borders and trees to create a unique sense of serenity all year round.

### World-class facilities

Our concierge service is available 24-hours a day, offering you extra help with everything from deliveries to restaurant bookings. With round-the-clock access to the on-site gym featuring the very latest equipment as well as a sauna and steam room, you can stay fit and healthy whatever your schedule. And when it is time to relax, you can enjoy exclusive use of the residents' cinema room.

*Sit back, relax & lose yourself in a screening of your favourite film in the residents' cinema room.*

## Be part of the excitement

Birmingham's economy is currently worth £24.8 billion and continues to grow, with planned investment of £10 billion over the next 20 years. The city centre is home to global businesses such as HSBC, Deutsche Bank, Deloitte and PwC and the wider urban area attracts a diverse range of employers – from hundreds of tech-based start-ups to major businesses such as Kraft, Amey and Jaguar Land Rover. With business booming Snow Hill Wharf offers you an ideal opportunity to be part of the excitement.

3.

*With a population of 1.1 million, Birmingham is one of the fastest growing cities in Europe and ranked as one of the most popular places in which to invest.*

- 1. Victoria Square
- 2. Colmore Business District
- 3. St Philip's Cathedral

## A city connected

Snow Hill Wharf is surrounded by a fantastic array of local shops, restaurants and bars. Just minutes from Birmingham's shopping hotspots and all the amenities you would expect from central city living. Snow Hill Station is within easy walking distance as well as major transport hubs at New Street and the forthcoming Birmingham Curzon HS2 Station (opening 2026\*).

2.

# CITY LIGHTS

*From world-renowned performers to showcasing local talent, Birmingham and the region's theatres know how to draw a crowd.*

## Your stage to shine

Cultural devotees are well catered for in Birmingham. There's a host of prime performing arts venues in the city, including the Birmingham Hippodrome, the O2 Academy and The Symphony Hall, which is not only one of the world's finest concert halls and the home of the City of Birmingham Symphony Orchestra but also offers a diverse programme of international jazz, world music, folk, rock, pop and stand-up comedy.

- Car parking, motorcycle and bicycle storage facility
- 5 electric vehicle charging points
- CCTV security system
- 24-hour concierge

*Fixtures and fittings have been handpicked by our interior design team to complement the contemporary living spaces.*

## The St Joseph difference

**Our vision is to develop sites that have been closed to the public for decades and reconnect them to the community.**

We want the places built by St Joseph to be renowned for the quality of their landscape and the open space.

The term 'landscape' comes from two words meaning 'to shape a place where people belong'. That idea inspires our approach. The space between buildings is where you create a community and somewhere that is sociable, sustainable and safe.

We believe beautiful landscaped open spaces give room to breathe and sit in harmony with our vision for the carefully considered architecture and thoughtfully designed interiors throughout our developments.

To pioneer a landscape-led approach to urban developments is hugely important to us. We truly believe these spaces between the buildings are as important as the buildings themselves, where one's wellbeing within that space can be emphasised through positive design.

St Joseph aims to build your home to a very high standard of quality and is backed by the Berkeley Group that has over 40 years experience of delivering.

When you buy a new home from us it comes with a 10-year LABC warranty – the first two years of which are covered by St Joseph. However, over and above this, we will take a reasonable approach to resolving issues, even if they fall outside of the warranty criteria or time periods. In other words, we will stand by our product and work with you to find an appropriate, fair and reasonable resolution to any issues that may arise in the future.

All our customers are provided with a commitment that when you buy a new home from St Joseph you can be safe in the knowledge that it is built to very high standards of design and quality, has low environmental impact and you will enjoy an exceptional customer experience.

Proud to be a member of the Berkeley Group of Companies

## Designed for life

**At St Joseph, we are committed to creating great places where people love to live, work and relax. Where the homes are light-filled, adaptable and finished to very high standards. Where carefully planned public areas enhance well-being and quality of life for residents and visitors. Where people feel a sense of community.**

### Customers drive all our decisions

We achieve that by putting our customers at the heart of everything we do. First, we strive to understand what our customers want and need – well-built homes, in a pleasant and safe neighbourhood, with plenty of amenities and good transport connections. Then we apply that understanding to all our planning and design decisions.

And for every new development, we challenge ourselves to go further, to improve and innovate, ensuring we satisfy the real needs of our customers in inspiring and sustainable ways.

### Choice and diversity

No two St Joseph customers are the same, so we aim to offer a wide choice of property location, size and type. From central London to major towns and cities; from market towns to rural villages, countryside to the coast – we build in locations our customers love. And whatever home you are looking for, whether that's a city penthouse, a modern studio apartment or traditional family home, you will find the perfect fit for your lifestyle.

### Quality first to last

Quality is the defining characteristic of St Joseph developments, right down to the very last detail. We choose our locations, style of homes, construction practices, materials and specifications with great care. When you buy a new home from St Joseph you can be safe in the knowledge that it is built to high standards of design and quality, has low environmental impact and that you will receive a professional, efficient and helpful service from us. For extra peace of mind, all new properties come with a 10-year build warranty.

### Green living

For St Joseph sustainability isn't simply the latest buzzword. We are committed to creating a better environment within our developments and in the areas that surround them. That's why we build on brownfield sites whenever we can, bringing new life to disused and unloved spaces. We take care to protect the natural environment and enhance biodiversity. All our homes are designed to reduce water and energy consumption, and to enable residents to recycle waste.

### Commitment to the future

When we plan a development, we take a long-term view of how the community we create can thrive in years to come. Our aim is to permanently enhance the neighbourhoods in which they are located, through intelligent design, quality landscaping, sympathetic architecture or restoration, and high standards of sustainability. We don't just build for today; we build for the future too.

*“Our goal is to be a world-class business, defined by the quality of the places we create, generating long-term value and having a positive impact on society.”*

## **This is how we are ensuring sustainability at Snow Hill Wharf**

### **People, planet, prosperity**

Sustainability is fundamental to Berkeley’s ethos. In simple terms, we want to ensure the long-term health, wellbeing and prosperity of people and the planet. There are a range of ways we are managing and minimising the environmental impact of our operations and delivery of homes and communities. These are the initiatives we have implemented at Snow Hill Wharf.

### **Nature and biodiversity**

Trees, flowers, green roofs, hedges, gardens – these are the fundamentals of a thriving natural environment that can be enjoyed by everyone, even in the heart of the city. They are all part of our commitment to net biodiversity gain on our developments. Within and around Snow Hill Wharf, we have created natural habitats that encourage wildlife to flourish. We are working with Fira Landscape Architects to engage residents in the natural landscapes that we have created.

### **Waste and recycling**

We actively encourage all residents to reduce their waste wherever possible. In addition to external recycling bins, we provide integrated recycling bins in kitchens to make it easier to separate and recycle waste.

### **Water efficiency**

Our homes are designed to high water efficiency standards and are fitted with dual flush WCs, and low-flow taps and showerheads which use less water without compromising convenience and comfort. We also suggest simple steps to reduce water consumption, such as not leaving taps running unnecessarily.

### **Energy efficiency**

Efficient use of electricity and gas helps lower fuel bills and reduces carbon emissions. Our homes have been designed to use less energy than a standard home. They have enhanced levels of thermal insulation and air-tightness, and have been fitted with mechanical ventilation units with heat recovery (MVHR). All lighting is low energy and kitchen appliances are A+/A rated.

### **Noise reduction**

We can’t eliminate noise, but we consider the impact of noise in the design of our homes. We consider external noise, such as from nearby roads, and internal noise including the transfer between rooms and floors. We incorporate measures to reduce the different types of noise wherever possible to create a quieter environment.

### **Clean air**

It is hard to avoid polluted air, particularly in our cities. Throughout Snow Hill Wharf we have planted trees, shrubs and flower beds to help create a cleaner air environment. Within our homes we provide mechanical ventilation to filter the internal air.

### **Sustainable transport**

There are excellent rail and bus services nearby.

We also provide secure and convenient cycle storage and electric vehicle charging points to encourage the use of sustainable methods of transport, to help reduce air pollution around the development and the wider area. These active methods of transport also help encourage healthier lifestyles.

### **Stewardship**

Maintaining our communal open spaces and facilities in perpetuity is an important benefit to the whole community. We work with Rendall and Rittner and residents to ensure the development remains in pristine condition.

### **Future-proof design**

From the early stages of design, we assess how our homes will stand up to the future effects of climate change, such as how they will be affected by higher summer temperatures, periods of drought, or more extreme rainfall. We are constantly researching how we can ensure our homes and developments are more resilient to these extremes to understand what new innovative technologies we should use in our future designs.

## Our Vision

---

**Berkeley Group is a responsible organisation, wholly committed to being a world-class business, as defined by the quality of places we create, the value they generate for people, communities and the environment, and their positive long-term impact on society. We set ourselves the highest standards in the industry for design, construction, safety and efficiency.**

Our Vision, a strategic plan for the business, is designed to raise our standards higher still. Our Vision is reviewed every two years, following objective analysis and discussion of the key industry, national and global issues that are most relevant to our customers and supply chain.

Our Vision focuses our attention on five key business areas.

**Customer experience**

**Quality homes**

**Great places**

**Efficient and considerate operations**

**Commitment to people and safety**

## The Berkeley Foundation

---

**We are committed to making a real and lasting difference to the communities we serve.**

The Berkeley Foundation supports voluntary organisations in tackling long-term social issues in their local community. Working together, we help people choose a different life path, develop confidence and skills, and find hope for the future.

Since we established the Berkeley Foundation in 2011, we have committed many millions of pounds to hundreds of charities and organisations. A significant proportion of our donations are raised through the tireless efforts of our own staff.

Over the 2016 summer holidays and October half-term, 78 young people from inner city London were able to visit Longridge Activity Centre through funding from the Berkeley Foundation.

The information in this document is indicative and is intended to act as a guide only as to the finished product. Accordingly, due to St Joseph's policy of continuous improvement, the finished product may vary from the information provided. These particulars should not be relied upon as accurately describing any of the specific matters described by any order under the Property Misdescriptions Act 1991. This information does not constitute a contract, or warranty. The dimensions given on plans are subject to minor variations and are not intended to be used for carpet sizes, appliance sizes or items of furniture. Snow Hill Wharf is a marketing name and will not necessarily form part of the approved postal address. Applicants are advised to contact St Joseph to ascertain the availability of any particular property. J402/05CA/0720

Snow Hill Wharf was granted planning permission in March 2018 by Birmingham City Council. The Planning Application number is 2017/09308/PA. Through the purchase of a property at Snow Hill Wharf, the buyer is acquiring an apartment with a 250-year leasehold. Like any investment, purchasing uncompleted properties situated outside Hong Kong is complicated and contains risk. You should review all relevant information and documents carefully before making a purchase decision. If in doubt, please seek independent professional advice before making a purchase decision.
