## The Matthew Arnold School

**OVERVIEW**  
A co-educational secondary school for students aged 11-16 that will unlock a child's talents. Their mantra is that 'Every Day Students Achieve', and their aim is to help every child to achieve his or her very best both inside and outside the classroom. A highly qualified, dynamic team is committed to working with children all the way through school and to bringing out the best in them.

**WHAT TO EXPECT**  
Despite the schools acknowledged outstanding record for safeguarding and student welfare, they never rest on their laurels and constantly seek new ways to promote the well-being of all. The aim is not simply to help young people achieve qualifications so that all doors to the future remain open; it is also to produce rounded and grounded young adults who are ready and equipped to take their place in society.

**HOW IT PERFORMS**  
Lessons are planned to maximise progress and challenge all students, and there is a broad and balanced curriculum that enables students to develop essential skills.

## The Magna Carta School

**OVERVIEW**  
The Magna Carta School is in the heart of Runnymede, with a nurturing spirit, respecting differences, celebrating success and enriching lives for children aged 11-16. The school aims to provide a supportive environment where they are challenged to do their best. The students are regularly acknowledged for their academic, sporting, artistic and community achievements and their success is based on a commitment to personal growth.

**WHAT TO EXPECT**  
The school works hard to create a learning environment that is not only stimulating and celebratory but also, most importantly, meets the needs of every young person in their care. By maintaining a culture and ethos in the school that is reflected by the school motto: Respect...Learn...Aspire...Achieve they encourage students to become self-assured, considerate, and understand their role in society and the rights and responsibilities that this brings.

**HOW IT PERFORMS**  
The school is among the top 25% nationally in terms of student progress. Students achieve impressive GCSE results and progress to Further Education, apprenticeships and the work place.

## Thomas Knyvett College

**OVERVIEW**  
A successful, local school with an average size class of 22 students in key stage 3 and 20 at key stage 4. They have made sustained progress over a number of years, and seek to ensure that they maintain an exceptional learning community. The College sees itself as the central resource for learning and support in the local community and continue to strive for excellence in all it does.

**WHAT TO EXPECT**  
Students will be asked and encouraged to ask challenging and stimulating questions about the world in which they live, and the teacher will adapt in real time to meet the needs of every student. The school works hard to ensure that students have the skills and self-belief to compete and flourish in a changing educational and social environment, no matter how challenging.

**HOW IT PERFORMS**  
A rich curriculum within and beyond the classroom, enables young people to thrive and pupils of all abilities and across all year groups make constant gains in their learning.

## London School of Economics

### OVERVIEW

The LSE, officially the London School of Economics and Political Science, is a world leader in the social sciences. The School's academic profile spans a broad range and is renowned for the study of real world issues, from economics, politics and law to sociology, anthropology, accounting and finance. Teaching and research are conducted through 25 departments and institutes and 23 research centres.

### WHAT TO EXPECT

LSE has students from over 160 countries worldwide, making the school a very international and cosmopolitan institution. Their central location offers easy access to the vast cultural and social life of London. LSE alumni benefit from bespoke careers services, a mentoring network, events and their Leadership Series, with live streamed lectures with the world's thought leaders.

### HOW IT PERFORMS

Graduates can be found in senior positions in organisations and governments worldwide. Alumni and former staff include 18 Nobel Prize winners in Economics, Peace or Literature and 35 past or present Heads of State.
